

Join us for the Air Compliance Reporting Open House on January 7.

The Division of Compliance Assistance (DCA) and the Division for Air Quality (DAQ) are presenting an educational opportunity to offer guidance on annual compliance certifications and semiannual monitoring reports. This open house will allow attendees to talk to DCA and DAQ staff regarding permit reporting. Staff can help attendees complete forms, gain an understanding of calculations required for reporting and explain compliance conditions detailed in the facility's permit. Attendees should review the ACC/SAMR self-paced learning modules available at DCA.ky.gov, bring a copy of their permit and any records pertaining to air reporting.

In order to ensure sufficient staffing, you will be asked to indicate a time preference for this event. Within three working days of registering, you will receive an e-mail with a confirmation of your assigned time slot.
